

Windrider Bay Area, Virtual Film Forum 2021

The Windrider Forum was launched in 2005 as a small class at the Sundance Film Festival to bring together filmmakers and film lovers in an immersive educational experience designed to facilitate thoughtful conversation, awaken compassion, and inspire change. Since 2010, Windrider Bay Area has hosted an annual Film Forum to screen important independent films which explore challenging issues in our world, followed by in-depth, moderated discussions with the filmmaker.

This year's virtual program will showcase feature and short films, followed by a moderated discussion with the filmmakers. Our goal is to continue our tradition of bringing these film and filmmakers to our engaged audience to serve as a catalyst for compassionate understanding and challenge us to make a positive difference in our world.

During the pandemic we have gained a deeper appreciation for the life-giving services of "essential workers" in our communities. Artists provide a different kind of "essential" service. Each year, Windrider Bay Area brings you films and filmmakers who want to inspire us with their stories and show that there are ways to find solutions to even the most difficult problems. Artists reveal our shared humanity, heal our deepest wounds, and help our hearts to soar. The "Lens of Hope" offered by these artists is always needed, now more than ever.

Windrider Bay Area celebrates the essential artists in our lives as they inspire us to find solutions to our problems through the "Lens of Hope". Please lend your support.

Independent Films. Compelling Conversations. Unexpected Journeys.
